AMITY SCHOOL OF ENGINEERING & TECHNOLOGY

Amity University Uttar Pradesh, Greater Noida
Department of Computer Science & Engineering

Minor Project (ETMN100) — 4 Credits
WEEKLY PROGRESS REPORT (WPR) – 10

For the week commencing:	21/09/2026 – 27/09/2026 (Week 10 of 12)
Student Name:	Anubhav Anand
Enrollment Number:	A41105223039
Program / Branch:	B.Tech Computer Science & Engineering
Faculty Guide's Name:	Dr. Girish Paliwal
Project Title:	WaterTriage: A Data-Driven Water Quality Risk Scoring and Intervention Prioritization System for Uttar Pradesh and Bihar

1. Target For The Week

Conduct a comprehensive originality and plagiarism review of the completed WaterTriage research paper and codebase to ensure academic integrity.

2. Achievements of The Week

- Reviewed the full manuscript to ensure all external literature and government datasets (JJM/WQMIS) are accurately cited and referenced.
- Verified the originality of the custom backend codebase, data parsers, and the BIS IS 10500 scoring engine implementation.
- Successfully completed the originality check, confirming the project and manuscript meet all university academic integrity standards.

3. Future Work Plans

Submit the WPR-11 Project Completion Report and finalize the presentation slides and codebase for the final Viva examination.
